CollisionLink® Shop is the program of choice by thousands of collision shops for access to competitively-priced OE parts. Experience fast, easy-to-use and accurate parts ordering to reduce your cycle time, so that you can focus on greater customer satisfaction. You don't have to hear it from us... listen to other body shops!

**“With CollisionLink, most of the time, we can price match and get the OEM part for our customers. Customers are happier because they get more OE parts, which fit better. If you can get the OE parts on the vehicle the first time and not have to make a return, it's better. Without a doubt, shops are missing out if they're not using CollisionLink.”**

- Greg Carden, Carden's Body & Paint Service

**“By having the CollisionLink program, we can work with the insurance companies to meet their guidelines, give the customers what they want and speed up turnaround times. CollisionLink is an added tool that helps you help the customer.”**

- Chris Yates, Keizer's Collision

It is **FREE** for you to use and is paid for by your local dealers. Go to [www.collisionlinkshop.com](http://www.collisionlinkshop.com) to get started today!
